An autumn afternoon to remember

There was something quietly special about this year's inaugural Autumn Run. In the soft autumn light, the Parkview Golf Course felt less like a race route and more like a place to connect with families running together and friends catching up along the way.

The men's race was won by Yoshiaki Kasahara, with Aiden Biscoe in second place. In the women's category, it was a memorable family sweep: Milla Swart took first place, followed by her younger sister Minke, with their mother, Leanne, finishing third.

We look forward to making this a new autumn tradition. Special thanks to our event sponsors, The Perfect Cup and By Numbers Accounting! Prizes were sponsored by The Sweat Shop, The Perfect Cup and Trabella Pizzeria.

Reclaiming Lower Park Drive

A neglected stretch of pavement on Lower Park Drive had unfortunately become an illegal dumping and storage area, deteriorating rapidly over a few weeks. The PRA stepped in and carried out a clean-up, removing two truckloads of rubbish. A big thank you to SafeParkview for keeping the team safe, and to Lovemore Pate's hardworking crew for tackling the heavy lifting. The Green Team trimmed trees and cleared overgrowth. Graffiti removal is planned for the next maintenance day.

Keep Parkview running!

Thank you to everyone who has already renewed their PRA memberships. 2026 fees are now overdue. Please pay asap to avoid being removed from PRA Pulse, a member benefit that requires time and resources to manage. Limiting access ensures fairness to those who do contribute and helps sustain the PRA's operations and financial commitments. If you need a reduced fee, exemption or payment plan, please email info@parkview.org.za.

Pavements are for pedestrians

Pavements are public spaces intended for safe and comfortable use by all pedestrians, including people using wheelchairs, pushing prams or walking with children.

While the City does not maintain pavements, residents are not permitted to alter, build or garden on them in ways that make them difficult to use. There should be no steps, steep inclines, or flowerbeds that force pedestrians into the road. Parkview is on a slope, and we understand that levels can be challenging. However, where the level of a garage or pedestrian gate is significantly higher than the pavement, the appropriate solution is to step the entrance back or adjust levels internally, not to extend steep or raised structures onto the pavement.

The original pavements were constructed using tar, which remains the preferred surface, because it's easier for the City to reinstate after repairs. We appeal to residents to consider both accessibility and neighbourliness when making changes. A functional pavement benefits everyone.

BOOK NOW

MOVIE IN THE PARK

TICKETS: R100 | BEANBAGS: R80
KIDS UNDER 4: FREE

SATURDAY 9 MAY 2026

GEORGE HAY PARK

BRING YOUR OWN PICNIC SNACKS AND SLUSHIES FOR SALE.

17:00 - GATES OPEN
